RV Park Questions for the Client:

1. Does the Admin need capability to filter reports by date?
2. If you have a stay that begins or ends outside of the peak period from April - October, does the 14-day limitation still apply? For example, if you have a stay from March 25 - April 4th, would the 14-day stay restriction apply?
3. Do we need to gather the phone number for guests so the admin staff can text them?
4. Are 11 and 11B rented together or are they two separate sites? Same question for 12 and 12B?
